Click to test functionality of installed unit

Created and Designed by BDSaint Internet Solutions
Test Functionality of Unit
Indication that Unit Works

Correlate current date and time ...

... With Unit's last signal date and time

If the above date and times are nearly the same it indicates that the unit is functioning properly.
Indication that Unit *is not* Functioning

Correlate current date and time ...

... With Unit's last signal date and time

If the above date and times are not the same it indicates that the unit *is not* functioning properly
